SENATOR MARVEL: One of them was a physicians assistant and one of them had to do with nursing personnel and that's all I recall at the moment but it does beef-up the staff over what it was. Part of this has occurred as a result of a trip that we took out to the penal complex not too long ago.

PRESIDENT: Thankyou very much. Senator Luedtke.

SENATOR LUEDTKE: I just wanted to add, I believe Senator Marvel will concur, you also have approved or are working with approving more, it's probably a temporary situation, bed space for the medical facilities is that not true? And also when your up on your feet you might refer to the chemical dependency units this Crete site which is carrying out something we passed last year, something Senator Barnett was instrumental in obtaining at that time on chemical dependency involvement at the institution.

SENATOR MARVEL: Plus one other item, I think, and I'm just pulling this out of the air at the moment but this has to do with the fact that there has to be some kind of relief up there for those who are in the process of being evaluated. It's criminal to keep, to put the first offenders in with the tenth offenders. I think part of the solution to this problem has to do with the repair of certain buildings at the Lincoln Regional Center. We also are aware that money in this area will be helpful.

SENATOR LUEDTKE: That's the completion of the diagnostic evaluation which we refer to. Thankyou for the time.

PRESIDENT: Thankyou Senator Luedtke. Senator Marvel has asked that we welcome forty government students from Nebraska Wesleyan University. They're here with their professor, Jan Vermier. Welcome to the Legislature. We're glad that Senator Marvel has other students as well. Come back anytime. Senator Burbach.

SENATOR BURBACH: Mr. President, members of the Legislature, we are now ready to go on Select File and if you look at your corrected copy of the calendar you only see two bills, 254 and 323 listed there. Because of our concerted effort in trying to get bills on E and R for initial and also on Select File, LB 588 to 303 inclusive have been brought up this morning. So we will take all of Select File this morning. Actually it's tomorrows Select File today but here again it gives an opportunity to the office down stairs to process these bills and move along during the Easter vacation.

PRESIDENT: We are on Select File, 254. Senator Dworak.

SENATOR DWORAK: Mr. President, colleagues, I move the adoption of the Enrollment and Review amendments to LB 254.

PRESIDENT: You've heard the motion, is there a discussion? The question is the adoption of the amendments to 254. All in favor say aye. Contrary say nay. They are adopted.

SENATOR DWORAK: Mr. President, colleagues, I move the advancement of 254 to Enrollment and Review for engrossment.

PRESIDENT: Any discussion on the motion? The question is
